## **Female Russian Immigrant Finds Success and Career Opportunities at Infinity Commercial Real Estate Group**

10.05.07, 2:03 PM ET

Ana Clamp is a 28-year-old female Russian immigrant who came to the United States in 1999 for a better life. She certainly has found it at Infinity Commercial Real Estate Group ([www.infinityspecialists.com](http://www.infinityspecialists.com)) where she works as a Senior Investment Analyst.

Infinity Commercial Real Estate Group has found great success in today's challenging real estate market by specializing in income producing commercial properties, specifically with multi-unit apartments.

The commercial real estate sector continues to be more robust than the residential sector at this time. According to the National Association of Realtors, the Commercial Leading Indicator for Brokerage Activity in the first quarter 2007 rose to the highest level on record.

Ana migrated to California in 2000 and joined Infinity Commercial Real Estate Group in 2003. She felt that the commercial real estate sector would provide more opportunities for her and that has certainly been the case. After a brief stint at Marcus & Millichap, Ana rejoined Infinity Commercial.

Not only has her career prospered at Infinity Commercial Real Estate Group but she has applied the skills she's learned at Infinity and has made her own investments in five properties. She bought her first investment in 2003 when she was only 23. She was mentored by the Founder of the Company, Tony Lee, he himself an immigrant who left Vietnam as a boat person in 1978 and immigrated to the U.S.

Remembering his humble beginnings, Tony mentors and empowers his own agents so they too can prosper from the opportunities in the industry. One such person is Ana Clamp.

"As a female businesswoman and one that is relatively new to this country, I am very proud and excited about working at Infinity Commercial and the professional and financial growth I have been able to accomplish," said Clamp. "When I used to live in Siberia, I always felt that America was the best country and my beliefs were made into reality at Infinity Commercial."

"Having Ana as part of the Infinity Commercial team has been a real strength for us. She has been a great resource for the organization and an example for the growth opportunities in the commercial residential sector," said Lee.

One of Ana's passions is working with the maturing Baby Boomer market to leverage their assets so that they can recognize the highest income from them as possible. "It is fulfilling to work with people of all ages and show them some of the investment options available today such as Tenant-In-Common solutions," said Clamp. "They are able to sell their properties at the highest price and transition to higher income producing properties and enhance their lifestyle."

### About Infinity Commercial Real Estate
